Subject: RE: Bluffton PD / FlockOS - ESRI Layers
Sensitivity: Normal

Ryan I would like to see a couple things with this:

1. See if we can add a layer of the current district zone assignments that we have
2. Due to the pocket holes perhaps another layer of what is within our jurisdiction and what is not
3. Blueprints of the schools like we did with the GIS Map.

Thank you

Chief Joe Babkiewicz

Subject: Bluffton PD / FlockOS - ESRI Layers

WARNING!
This email originated from outside of the Town of Bluffton's email system. DO NOT click any links or open any attachments unless you recognize the sender and know the content is safe.

Good morning, Ryan,

I'm working with Bluffton PD to get ESRI layers added to their Flock Safety map. We typically upload beats, city limits, and parcel layers for addresses, though we can upload more (ex: hunting zones, school districts, etc). Two ways we can load the ESRI layers: you can send us a link to a publicly hosted ESRI feature server, or you can send zipped shape files that we can host for you.

Please send the layers at your earliest convenience.

Thanks!

Kelly Baeza
Technical Project Manager
