Chief,

Thanks for sending over the list of current camera locations. I got those over to Tyler who will update the map.

In the meantime, I have linked what Tyler has already put together so that you can take a further look:
https://planner.flocksafety.com/public/siting/d65d0f34-6f11-4f07-b022-9c9df0718ab6

Additionally, your quotes are attached below. The first encompasses the first 17 LPR cameras, 4 Condor live video cameras, as well as the integration of your existing live video. The second is for Phase 2, and encompasses the 12 remaining LPR cameras. The 3rd is for Phase 3, and encompasses the 18 remaining Condor live video cameras. The final quote reflects everything all on one quote for a full out the door price. If you want the quantities and products redistributed between the quotes for phases 2 and 3 just let me know!

I will send the updated map to you once Tyler has finished adding your current cameras in.

Let me know if you have any questions, and I look forward to hearing from you soon!
