Good Afternoon,

Thank you so much for your time today. It was really great to meet you and I'm looking forward to working together. Here are a few notes from our meeting:

- **Outcome Tracking** - This is a quick video that you can send to users as a reminder for tracking outcomes in the system. If you ever have a specific feature you'd like covered like this, let me know and I will pass it along.
- **Lowe's Networks** - The template to get access to Lowe's networks is at the end of this email. Once that is complete, it should not take long to get access. After they are shared, they will need to be added to the roles like we did today.
- **Training Resources** - In addition to Flock Academy (which can be accessed from the questions mark on the top right of the Flock platform), feel free to utilize the following resources
  - Admin Training Guide
  - User Training Guide
- **ROI Tracking** - We will finalize a few metrics to track to ensure you are well prepared for any council meetings. If you have any recent Success Stories, please pass them along. Flock leadership loves to hear about wins!

Feel free to save my number below and reach out if you need anything at all.

Thank you,

Heather

Lowe's Camera Sharing Next Steps

Email Template to be completed by the head of the agency BELOW

—

Email Subject Line- Lowe's Camera Share; Name of the Agency
Email Template sent to: todd.a.isenhour@lowes.com and
CC emma.jensen@flocksafety.com and christopher.cater@flocksafety.com

As TITLE for CITY/ COUNTY, I would like to formally request regional access to Lowe's owned Flock safety

systems and/ or LiveView. This technology will assist in preventing or investigating criminal activity in the local community we both serve. Lowe's technology and my department's access to such will only be used for bona fide investigations, which are documented within our department and via audit trail within the Flock Safety platform. These investigative tools and technology will not be permitted for personal use, for use on unauthorized devices or by unauthorized users within our department. I understand if the technology is not used correctly, Lowe's reserves the right to terminate the department's access to Lowe's owned Flock safety systems and/or LiveView.
